Registered No. 02245562

This Statement is reproduced from Brit Group Services Limited's 2020 'Strategic Report, Directors' Report and Financial Statements' document which was approved by its Board on 2 July 2021.

Introduction

As Directors, our key responsibility is to promote the success of the Company. This principle is the cornerstone of our discussions and our decision making. Each Director is cognisant that in discharging this key responsibility, they must have regard to matters set out in s172(1)(a-f) of the Companies' Act. The Directors consider, both individually and collectively, that they have acted in the way they consider, in good faith, would be most likely to promote the success of the Company.

Our strategy

The Board is responsible for a number of key strategic decisions and on-going performance monitoring. The Directors' assessment of long-term value creation considers the Company's resilience. They determine and monitor risk appetites and tolerances, and they ensure the Company has an effective risk management framework in place.

Board information

The Board receives information on a range of relevant topics, and receives information on other areas as requested by the Directors from time to time.

Our policies and practices

All relevant factors are appropriately addressed by the Board when considering matters reserved for it. It ensures that all relevant considerations to assist it discharge its responsibilities are embedded in the key operations of the business, in order to help promote the long-term success of the Company.

New key stakeholder relationships are identified through information received and considered by the Board on a regular basis, or through the Board's consideration and approval of substantial contracts and commitments.

Training

To assist the Directors discharge their responsibilities, they are provided with on-going training and development opportunities. For the wider workforce who provide operational services under outsourcing arrangements with other Brit Group companies, there is a comprehensive staff development program tailored to meet individual needs. Elements of this training are mandatory, with all staff required to successfully complete e-learning modules on key areas such as money laundering, bribery and corruption, data protection, fraud and cyber risk.

Our culture

Building and maintaining the Company's reputation and its high standards of business conduct are essential to the future success of the Company. This is embedded in our culture. The wider workforce is subject to a 'Code of Conduct' setting out the standard we expect from all of our staff. This is regularly reviewed and updated, and compliance is attested to by each employee on an annual basis.

Staff engagement

We want to engage with our employees and invest in their future so that they do not just progress, but thrive – both professionally, and emotionally. By developing and retaining a highly skilled, engaged and motivated workforce, we can generate value for them, the Company and our other stakeholders.

During 2020, with our people working remotely for most of the year, engagement has been more important than ever. As well as our usual engagement activities continuing in the virtual environment, a significant amount of additional engagement has taken place, focussing on staff wellbeing and the challenges we have all faced in 2020.

The Board principally engages with its workforce through its executive Directors. Brit believes in two-way communication between Directors, managers and all staff. It has a number of initiatives and processes designed to support and encourage this, including:

- An employee engagement survey, which takes place every two years across the Group. This is a key mechanism for assessing the views of our staff and leads to further engagement with them. The most recent engagement survey was held in late 2020. We had an excellent response rate of 89% and our overall engagement score increased by 7pps to 76%. The survey results were discussed at the executive level and then presented to all staff by the Chief Executive Officer. The findings were also presented to the Board. In the first quarter of 2021, we will be cascading the departmental results and each team will be encouraged to develop their own action plan to focus on their engagement priorities.
- Brit People Forum, focussing on inclusion and diversity, was launched in 2020. Further details are given in the inclusion and diversity section below.
- Executive Blogs – These blogs provide a useful medium through which the Executive Committee and other members of senior management can update employees on matters such as the Group's performance, initiatives and other developments, charitable activities and market conditions. All employees are encouraged to respond with a question or comment to help facilitate understanding and debate.
- Town Halls – Each month, a member of the Executive Committee presents on their area of focus. All staff are invited to these presentations, which are followed by questions and discussion. These presentations are recorded and made available to those unable to attend.
- Spotlight series – These in-depth interviews are circulated to all staff and are a way to highlight new initiatives and projects. Recent topics have included the engagement survey and a series highlighting cross functional staff moves.
- Team Meetings – At Brit, team meetings are encouraged both at a macro and micro level.
- Intranet – The Brit intranet site, relaunched during 2020, provides a central point of information, news and announcements to support working lives at Brit and provide access to tools and systems essential to people performing their roles.
- Email announcements – To communicate significant or high-profile news to all employees or groups of employees.
- In October 2020, Brit held its fourth annual 'Celebrate the Difference week', which provided a focus on individuals making a personal difference both to themselves and others. It concentrated on a variety of topics from overcoming adversity, coping with addiction, managing work and home balance and having a positive self-image. The various sessions, hosted by external specialists, were held virtually and were very well attended and well received.

Engagement with our staff allows us to assess the extent to which they are motivated. Such motivation contributes to the success of our organisation. Engagement also identifies areas we need to focus on to continue to develop staff motivation. High engagement results have a positive impact on our team performance and employee retention, our service quality (both internally and externally), and our overall business performance, ultimately benefitting all stakeholders.
