The product provides cover for physical loss or damage to buildings, landlord's contents, fixture and fittings, and residential leaseholders in the event of damage caused by an Act of Terrorism or an Act of Sabotage. This is defined as an act or series of acts, including the use of force or violence, of any person or group(s) of persons, whether acting alone or on behalf of or in connection with any organisation(s), committed for political, religious or ideological purposes including the intention to influence any government and/or to put the public in fear for such purposes. The core cover also includes business interruption and public liability as a result of an Act of Terrorism or Act of Sabotage.

It is designed specifically to provide cover for commercial property owners, and investors or managers of commercial and/or residential portfolios and may benefit residential leaseholders.

Brit uses sophisticated actuarial techniques to value and price risk in line with the Government Pool rates. This process is complemented by a rigorous approach to risk aggregation and mapping where we use analysis to rigidly monitor maximum exposures.

The agreement and attaching policies are not subject or capable of automatic renewal. Brit will review each insurance bound prior to its individual renewal date in order to offer renewal terms or to decline the renewal.

All claims and complaints are handled in house by Brit. Quarterly Technical File reviews are undertaken to ensure that all claims and complaints are handled appropriately against our internal metrics which centre around ensuring good customer outcomes.
