## our service is delivered through three stages of cyber protection

### Stage 1

#### Get ahead

Equipping clients with the tools they need:

- Our Data Safe portal provides advice and the latest information on evolving cyber risks.
- Access to our Knowledge Centre with over 500 compliance and risk management resources.

### Stage 2

#### Take control

Ensuring clients are staying up to speed:

- Use the Virtual CISO service to leverage unlimited advice from privacy and data security experts.
- Access to sample plans and procedures to help feel prepared if a cyber event does occur.

### Stage 3

#### Move forward

Getting businesses back on the front foot:

- 24/7 breach reporting hotline: our team of experts are on hand 24 hours a day to help clients through a cyber event.
- Our app provides a quick and easy notification process enabling prompt breach reporting to our team of experts.

From providing access to training and compliance tools, to offering expert assistance, our service is delivered by a team of cyber experts who collaborate to help our clients stay ahead.
