brit cyber attack plus

Brit Cyber Attack Plus (BCAP) is our award winning Cyber Physical Damage product and service designed to grow with client's needs.

What is BCAP?

- Broad comprehensive cyber coverage including cyber triggered Physical Damage and Business Interruption
- Addressing gaps between the physical and non-physical, providing wide cover on a bespoke basis
- The largest amount of cyber capacity available in the market on a primary basis
- It's the longest standing physical damage consortium in the London and International market
- BCAP is a Consortium made up of Lloyd's markets led by Brit Syndicate 2987.

Why BCAP?

- Up to USD200m of capacity
- Alignment with existing all risks wording
- Clear policy language, either through an insuring clause or through policy structure
- Deal with one market, to deliver a significant limit and streamlined claims agreement process
- Single claims adjustment process regardless of physical or non-physical damage
- Access to leading pre and post breach vendor services
- Leveraging the expertise of two market-leading teams at Brit
- Clients receive feedback on their cyber maturity through an independent third party.
